You are invited to come along to the Pine Creek Valley and PA Grand Canyon in, PA.

Planned activities include area trail hiking & biking on the Pine Creek bikeway (rails to trails) which stretches from Ansonia to Jersey Shore for a total length of 65 miles. This trail is paved with limestone and is similar to the Montour Trail. There are numerous cafes, restaurants, & bars along the trail, including the Cedar Run Inn, Slate Run Inn and Waterville Hotel. Several have decks or patios overlooking Pine Creek.

Other activities include fishing, golf, kayaking, horseback riding and swimming at the Happy Acres pool or nearby Little Pine Creek State Park.

We will be staying at Happy Acres Resort in Waterville, PA. Please book directly through Happy Acres and mention you are part of the PSC group. Happy Acres has a restaurant & several restaurants are nearby.

You are welcome to rent any available cabin; however, individual Mountain Den bunkrooms are available at \$40/night + tax for up to two people. These include 2 beds, a refrigerator, air conditioning and a TV. A bathhouse is nearby. Picnic tables and fire rings are included with each bunkroom. Happy Acres will pair you with another PSC member in one of the Mountain Den units if you desire. Please state if you are booking the room as a private room (yourself and guest) or if you wish to be paired with a PSC member (state preference of male or female).

If we have enough people signed up for the trip, we can transfer people out of individual bunkrooms and into larger cabins such as the Dun Rovin. When you book a Mountain Den unit, please state if you wish to be considered for this option. If we get enough people, anyone choosing this option will be contacted first to verify the pending switch in accommodations.

Mountain Den units can be rented for a minimum of one night; however, cabins must be rented for a two night minimum.

Please book through Happy Acres and inform Dan Sheftick if you are going and if you wish to be paired with anyone else or be considered for a cabin upgrade.
