The mixer is a team race event that recognizes team participation and winners. Participants run the NASTAR course twice. Based on the best run from each person, organizers then list participants in order of their times, then split the participants into two teams. Team times are added together and the fastest teams win T-shirts. NASTAR course gives out individual Platinum, Gold, Silver and Bronze medals as is usually done based on age and gender. A post-event party and awards ceremony is held at the Matterhorn Lounge in the Main Lodge at approximately 4:00 p.m. Guests are welcome to the party for a \$5.00 fee. Pizza, salad and soft drinks will be served.
