Heavenly, Northstar and Kirkwood - It's no mystery that ski resorts are plentiful in the United States, especially in Lake Tahoe. However, nowhere else in the country do you have the option of skiing into two different states. Situated on the California and Nevada state borders, Heavenly Resort is a unique destination with all of the amenities of a big city and some of the most beautiful landscape and terrain in the world. Heavenly has it all. Lift service to 10,040 feet, Heavenly is Tahoe's highest mountain. 4,300 acres, 97 runs, 30 lifts and four base facilities spanning across two states, and Heavenly is also one of North America's largest mountains. If this doesn't get your heart racing, just wait. Heavenly averages 360 inches of snow annually and has one of the United States largest snowmaking systems covering 70% of the mountain. Can you say snow? This is currently in an El Nino cycle so snow should be plentiful. Lift passes are good for Heavenly, Northstar and Kirkwood. The terrain in this area varies greatly and has everything from blue squares to black diamonds for every level of skier or rider.

Hard Rock Hotel - All new and remodeled in January of 2015! Tap into the rock star inside of you with a hotel experience that brings together lavishness, quality and edge. We've cranked the wow factor to eleven in every room, featuring modern amenities and facilities, picturesque views of Lake Tahoe and its alpine peaks and the kind of rock 'n roll memorabilia you can only find at a Hard Rock Hotel & Casino resort. Hotel is conveniently located to the slopes and has shuttle service if you want to take the easiest way. May be a good choice on the return trip.

Trip Price Includes:
